Welcome to LiveBinders! The digital 3 ring binder on the Internet!

Our learning targets today:

1. Staff will learn how LiveBinders can store any type of media in one place on the Internet - web based - not PC based.
2. Staff will be able to add an "bookmarklet" tool to the bookmark bar that will quickly place a webpage in the LiveBinder of your choice.
3. Staff will be able to search the library of LiveBinders for specific resources.

Today's resource website is www.brallier.weebly.com

To register for LiveBinders (free) click on the "Sign Up" tab on the upper right of www.livebinders.com
